IN MY WORDS

"Marking for the Lahore board taught me to be fair, exact and on time."

SUMMARY

Teacher and exam-board examiner with an MS in Chemistry. I marked written chemistry papers and assessed practical exams for the Lahore board (2016–2018), set and marked tests as a college lecturer, and have tutored since 2018. Looking for remote education work: marking and grading, question and item writing, curriculum and lesson support, and general remote support.

LOOKING FOR

Exam marking and grading · **Question and item writing** · **Curriculum support** · **Lesson and worksheet content** · **Research and admin support**

SKILLS

ASSESSMENT	Marking to a fixed mark scheme · Practical exam assessment · Test papers and worked answers
TEACHING	Chemistry, biology and science · Matric and F.Sc. · Practical classes · Board exam preparation
REMOTE SUPPORT	Content writing · Client records and communication · Clear English · Online research

EXPERIENCE

Online and Home Tutor: Chemistry, Biology and Science — 2018 – Present

Self-employed, Lahore and online

- One-to-one and small-group lessons in chemistry, biology and science, online and at home.
- Write notes, worksheets and practice questions; set and mark short tests and track each student.

Chemistry Lecturer, F.Sc. (Intermediate) — 2016 – 2018

Peak Solutions College, Lahore

- Taught F.Sc. chemistry theory and practical classes.
- Wrote and marked class tests and prepared students for the board exams.

Board Practical Examiner and Sub-Examiner (paper marker) — 2016–2018

Board of Intermediate and Secondary Education (BISE), Lahore, Intermediate Chemistry

- Assessed students' practical work and marked written chemistry papers for the Lahore board. Marking had to be fair, consistent and exactly to the scheme. Examiner IDs P651 and 42787.

Lab Instructor · **Lahore College for Women University** — 2015 – 2016

- Ran undergraduate chemistry practicals: solution preparation, titrations, qualitative and quantitative analysis.

Science and Chemistry Teacher (Matric) · **Govt. Girls High School Shadbagh** — Oct 2014 – Sep 2015

- Taught general science and chemistry to matric classes.

Research and Teaching Assistant · **Lahore College for Women University** — Feb 2014 – Aug 2014

- Helped run chemistry lab classes, prepared standard solutions, analysed samples and wrote up results as reports, tables and graphs.

RESEARCH

MS thesis (2014). I made a new solid material that pulls heavy metals out of water. I built it from silica gel and bentonite clay with lanthanum locked inside, then tested how much metal it could take up.

BS project (2012). I turned a common house plant into a cheap filter and measured how much nickel, copper and chromium it removes from industrial waste water.

EDUCATION

MS Chemistry (Inorganic) · Lahore College for Women University, Lahore	2012 – 2014
BS Chemistry · Lahore College for Women University, Lahore	2012
F.Sc. Pre-Medical, 1st Division · Fatima Jinnah College, Lahore	2007
Matric (Science), 1st Division · Govt. School Shadbagh, Lahore	2004

REMOTE-READY

Lahore, Pakistan. PKT (UTC+5) · 8 hours a day · Available during US working hours · Home internet with a backup connection · Power backup at home · Payoneer and bank account. Languages: English, Urdu.
